JSRS SOUNDMOD

PRESENTED BY JSRS STUDIOS

What is JSRS Soundmod:

With more than a few thousand new sound effects JSRS SOUNDMOD provides a new sound experience! It adds more depth and immersion to the general sound feeling while keeping the core game untouched.

Where can I download the mod:

You can easily find the mod on the Steam Workshop for ArmA3. Just use the link below:

How do I activate the mod:

When you have ArmA3 insalled just find the mod in the Steam Workshop and hit that subscribe button. The mod will automatically be downloaded and maintained. If you like th work you can always upvote, leave a nice comment and share your feedback with the community!

Once the mod is downloaded your Arma 3 Launcher will notify you.

Then you simply click on mods and hit that „Load Mod" button and everything is ready to go! No further need for other steps. No other mods required!

One note: The Dev Version of ArmA3 can change some things on the sound side and might cause some issues. But so far, this mod worked well on either version of ArmA3!
